

# COMMERCIALIZING INNOVATION

RAUL  
SUAREZ Y  
GONZALEZ  
and colleagues,  
European Patent  
Office

## PATENTING SOFTWARE INNOVATIONS IN EUROPE

Computer-implemented inventions are among the most challenging types of intellectual property to protect via patents — but a bit of behind-the-scenes insight goes a long way! A visiting delegation from the European Patent Office will demonstrate how patent applications in the EU can be most successful, in fields like cloud computing and AI.

THURSDAY, OCTOBER 4, 2018

4:30PM–6:30PM

NORTHWEST B103

52 Oxford Street, Cambridge, MA
